## TAFT TAKES CHARGE

Declares Himself Provisional Governor of Cuba.

## NOTICE DULY GIVEN

Inhabitants Their Flag Will Retain and Protectorate Will Cease So Soon as a Permanent Government Is Established.

Havana, Sept. 29.—The American provisional government assumed possession of Cuba Saturday, when Secretary of War Taft issued a proclamation, which was published in the Official Gazette and thousands of copies distributed over the island, declaring himself provisional governor. The proclamation seems to have caused general satisfaction on account of its conservative terms. In substance the proclamation states this action was taken only on account of the necessity of the occasion, and the assertion is made that the provisional government is maintained purely for the purpose of restoring peace and order and there

WILLIAM H. TAFT.

will be no public confidence until a permanent government shall have been established.

No one appears inclined to doubt the good intentions of President Roosevelt and representatives, and there is no apprehension of any serious trouble or resistance to the provisional government in any part of Cuba.

Governor Taft did not take possession of the palace Saturday because the ex-president was not ready to vacate his official residence until Monday.

Business interests here are gratified at the change in the government. A striking feature of the provisional government is the fact that the Cuban flag has not been lowered. This establishes a precedent in provisional governments and protectorates.

Governor Taft's proclamation is as follows:

"To the people of Cuba: The failure of congress to act on the irrevocable resignation of the president of the republic of Cuba or elect a successor leaves the country without a government at a time when great disorder prevails, and it requires that pursuant to the request of Mr. Palma necessary steps should be taken in the name and by the authority of the president of the United States to restore order and protect life and property in the island of Cuba and the islands and keys adjacent thereto, and for this purpose establish therein a provisional government. The provisional government hereby established will be maintained only long enough to restore order, peace and public confidence by direction of and in the name of the president of the United States and will hold such elections as may be necessary to determine on those persons upon whom the permanent government of the republic will be developed. Insofar as consistent with the nature of the provisional government established under authority of the United States this will be the Cuban government conforming with the constitution of Cuba. "The Cuban flag will be hoisted as usual over the government buildings of the island.

"All executive departments and provincial and municipal governments, including that of the city of Havana, will continue to be administered as under the Cuban republic. Courts will continue to administer justice, and all laws not in the nature inapplicable by reason of temporary and emergent character of the government will be in force.

"President Roosevelt has been most anxious to bring about peace under the constitutional government of Cuba and has made every endeavor to avoid the present step. Longer delay, however, would be dangerous in view of the resignation of the cabinet.

"Until further notice heads of all departments of the central government will report to me for instructions, including Grand Alexandra Rodriguez, in command of the rural guards, and other regular government forces, and General Carlos Roloff, treasurer of Cuba. Until further notice civil governors and alcaldes will also report to me for instructions.

"I ask all citizens and residents of Cuba to assist me in the work of re-

storing order, tranquility and public confidence. WILLIAM H. TAFT, "United States Provisional Governor of Cuba."

Governor Taft proceeded to the palace to take over the government of Cuba. The act was not accompanied by any formal ceremony. During Saturday morning General Funston conferred with Governor Taft regarding the location of camps for the First division of American troops to be landed here. Sites have been selected. General Funston will command all troops in Cuba.

## GRITTY POLICEMEN.

After Negro Shot Both They Rode Horseback Twenty-Seven Blocks.

Galveston, Sept. 29.—At 1:30 o'clock Saturday morning Ed Greve and W. R. Wilkinson, two mounted policemen, while trying to arrest a negro who was rocking a circus train which was loading after the night's performance fired upon the officers in the darkness with a revolver, bringing both men to the ground and seriously if not fatally injuring them. With remarkable courage the policemen mounted their horses and raced twenty-seven blocks to a hospital, where their injuries were attended to. Policeman Greve was shot near the groin and Wilkinson in the right shoulder. The negro escaped.

## WITHOUT PRECEDENT.

Action of Secretary of War First Instance in American History.

Washington, Sept. 29.—The situation caused by Secretary Taft's proclamation declaring a provision government for Cuba is said to be without precedent in this country, in that the Cuban legation is and has been for without any advice other than those contained in press dispatches. taken for granted here that proper notification would be sent the governments of the world of the intervention Saturday of the United States.

Governor Taft cabled Secretary Oliver at the war department Saturday to send troops to Cuba. It was stated Saturday afternoon 5,000 soldiers were at Newport News ready to go.

## BACK FROM TRIP.

State Revenue Agent Bell Has Returned to Austin.

Austin, Sept. 29.—State Revenue Agent Bell has returned to Austin from an investigating trip over the state. Some startling disclosures are expected. The report will, it is alleged, show that over \$40,000 has been collected during the year from county officials in back fees due the state, some of them for fifteen years. Prosecutions will be instituted against officials who refused to pay amounts due.

State Treasurer Robbins announced that collections from land leases belonging to various funds for the month of September aggregated \$113,873.

## CRUSHED INTO KINDLING.

Engine Dashes Into Rear Coach With Most Terrifying Effect.

Philadelphia, Sept. 29.—The Pennsylvania railroad express train which left New York at 7:30 o'clock Saturday ran into the rear end of the Trenton express for Philadelphia at Eddington, Pa. One report states seven persons were killed and about fifty injured. The train stopped north of Eddington station to repair damage to its brakes and while standing still the New York express crashed into the rear end with terrifying effect. The engine of the New York express plowed half way through the rear coach of the other train. The car ahead of the rear coach was crushed into kindling and other coaches were crippled.

## THREE PERISH IN GULF.

Lighthouse Keeper, Wife and Daughter Swept Away With Structure.

New Orleans, Sept. 29.—Reports of the death of Captain Johnson, keeper of Horn island lighthouse, in Mississippi sound, and also wife and daughter were brought here Saturday by the first train into New Orleans from the east over the Louisville and Nashville railroad. Reports said Horn island lighthouse was swept into the gulf by wind and waves and the keeper and family went with the structure.

The schooner Daisy was wrecked on Horn island with the loss of one of her crew.

## ORDERED BY OLIVER.

Directed That Soldiers at Newport News Prepare to Sail.

Washington, Sept. 29.—While waiting to hear from the president at Barnstable Acting Secretary of War Oliver issued orders for the first expedition of 5,500 soldiers to prepare to sail from Newport News as soon as possible. This was subject to the approval of the president, but it was believed at the war department that the president and Secretary Taft had probably a thorough understanding what was to be done in the present emergency.

## Climbed Three Transoms.

Fort Worth, Sept. 29.—Three prisoners in jail climbed over three transoms and escaped.

## Steel Bridges.

Texarkana, Sept. 29.—A steel bridge will be placed across Sulphur river twenty-five miles south of here.

#### REACHING FOR NEW BUSINESS.

A visit to Coulter's Clothing Department will reveal to the buyer a large and well assorted stock neatly arranged in the rear of the store upstairs and easily accessible. The new styles are attractively placarded and the handsomely tailored Schwab clothing instantly catches the eye of those who appreciate style and quality. Coulter is making a specialty of the Schwab Special \$15.00 suit and has more than one thousand dollars worth of this grade alone to select from. His prices on Schwab clothing range from \$15.00 to \$20.00. Coulter says he is pulling for the best class of clothing trade and is satisfied with less than hold-up profits. 66

#### THAT \$15.00 SPECIAL.

Have you seen that Schwab Special \$15.00 Suit at Coulter's? It meets the requirements of the well dressed man at a minimum price. It is a hummer and can't be equalled for quality and style. 266

#### COTTON RECEIPTS.

Following are the cotton receipts up to 6 o'clock yesterday afternoon:

Rock Island, Ill., sell October 6, 7 and 8.  
Buffalo, N. Y., sell October 10, 11 and 12.  
New Orleans, account Knights of Pythias, sell October 13, 14 and 15; limit 29th, rate \$14.05.

Dr. J. W. Howell has let the contract to I. H. Newton for erecting a new brick building 30 x 100 feet for the Howell Lumber Co., adjoining the Carson, Sewall & Co. warehouse building. The Howell Lumber Co., will also erect corrugated iron sheds for the protection of their stock.

J. H. Hartzog went to Hearne yesterday. He expected his family home from Pass Christian, Miss., but received a message from Mrs. Hartzog stating that owing to trains being temporarily abandoned on account of storm damage, their coming would be delayed a few days.

Sam M. Winters is here on a visit from his new home at Hagerman, N. M., and has been cordially welcomed by his many friends. On his return home he will be accompanied by Misses Lynn and Edna Crudginton, sisters of Mrs. Winters, who spent the summer in Galveston and are now here visiting friends.

Wanted — One competent head waiter, single, white; incompetent persons need not apply; salary \$30 a month, board and lodging. Apply to B. Sbis, College Station, Tex. 55

The Bachelorettes had a charming meeting yesterday with Miss Louise Harris. Four new members were recently added to this club, Misses Alma Cole, Mabel Zimmerman, Mary Wilcox and Sadie Mawhinney.

Mr. and Mrs. J. R. Sheppard, J. H. Lloyd and daughter, Miss Ada, Miss Florence Shirley, D. B. Lloyd and daughter, W. R. Goen and family, Miss Dolores Thibadeaux, R. E. Blanton and daughter, Miss Ruth, and others left yesterday to visit Galveston.

Wilson & Edge have a handsome show window showing advanced New York styles in wraps with full braid effects, kerseys and broadcloths in plain material, and manish plaid effects with box pockets and side vents. Also tailored skirts, silk waists, belts and novelties. The ladies will find the display very attractive. 254

Two companies of the A. and M. corps of cadets have extended the compliment of election as sponsors to two of Bryan's charming young ladies. Miss Hattie Lou Hudson has been elected sponsor of Company "C," Capt. A. T. Potts; and Miss Alberta Adams has been elected sponsor of Company "A," Capt. W. A. Gilbert.

Methodist Church—Rev. H. C. Willis, Presiding Elder, will preach today at 11 a. m. and 8:10 p. m. He will hold the fourth Quarterly Conference tomorrow night at the pastor's house. A full attendance of the official members is requested as this is the last Quarterly Conference for this year and officers will be elected for next year.

Mr. A. D. McConico and family will leave in a few days for Houston to make their home. It is with sincere regret that The Eagle chronicles the intended departure of this most highly esteemed family which has been a part of Bryan's business and social fabric for so many years. Each and all of them will be missed with lasting regrets by the Bryan people whose unreserved good wishes will follow them.

## New Suits

..and..

## Skirts

Naturally, while our business connections in New York City are the best, we have facilities for gathering Women's Tailored Suits that are probably Unequaled in all Texas.

During the last few days new suits have been arriving thick and fast. The styles are authoritative and authentic—the smartest creations from the master tailors.

Skirts, too—in rich and broad varieties. You are invited to inspect them. No obligations.

## FOSTER'S WEATHER BULLETIN.

(Copyrighted 1906, by W. T. Foster.)

Washington, D. C., Sept. 29.—Last bulletin gave forecasts  
of disturbance to cross continent 28 to Oct. 2, warm wave 27 to  
Oct. 1, cool wave 30 to Oct. 4. Next disturbance will reach  
Pacific coast about Oct. 2, cross west of Rockies country by close  
of 3, great central valleys 4 to 6, eastern states 7. Warm wave  
will cross west of Rockies about Oct. 2, great central valleys 4,  
eastern states 6. Cool wave will cross west of Rockies about  
Oct. 5, great central valleys 7, eastern states 9.

The weather feature of most interest, connected with this  
disturbance, will be the great rise in temperature that will come  
with it and the next disturbance following it. Near October 1  
temperatures will be generally low, particularly in the section  
over which the high will then be passing. As this disturbance  
comes in a change to summer temperature may be expected,  
continuing a week or ten days.

The intensities of this storm will not be very great till Oct.  
8 when it will be out on the north Atlantic and the cool wave in  
northeastern states. About that time another disturbance of  
great intensity will reach the Pacific coast. The cool wave that  
will cross continent about 5 to 9 will probably not cause any  
frosts, but frosts will be quite general 1 to 4 and 17 to 21 north  
of latitude 38.

October weather will closely follow trend of the season ex-  
cept that first few days will be unusually cool and temperatures  
will average unusually high 6 to 14. Last half of month will  
average cooler than usual with a little more than usual rainfall  
in the eastern and southern states and a deficiency elsewhere.

Temperatures of October will average below the normal in  
eastern and southern states and above in northern states east of  
Rockies. Cold wave will cross continent 1 to 4 and 17 to 21.

### SCIENCE NOTES.

We must know the future of the weather by its past. In  
no other way can we know it. We have an abundance of good  
weather records covering 80 or more years, stored away in the  
fire-proof vaults of the weather bureau. But these records are  
not used by the weather bureau officials, not studied by them.

These government scientists have gone out into the moun-  
tains of Virginia and set up a \$100,000 observatory and are  
studying, not the heat in our atmosphere, but the infinitesimal  
changes in the heat of the sun by the use of instruments so  
small they are comparable to a mosquito's bill.

Joseph Henry, the master scientist of his time, thirty years  
in charge of the Smithsonian Institution, the real discoverer of  
the magnetic laws that gave us the telegraph, believed that good  
weather records would reveal to us the cause of the weather  
changes and at great expense of time and money used the  
Smithson fund to institute observations of the temperature and  
rainfall. But weather bureau officials do not use these records.

# Fall Opening

OF THE

## ..New Styles for Men..

Copyrighted 1906  
By  
SCHLOSS BROS. CO.  
Fine Clothes Makers  
Baltimore and New York

**T**HIS IS THE GREAT CLOTHING EVENT OF THE YEAR--OUR ADVANCE SHOWING OF the new Fall and Winter models. As every one knows who is at all posted on the subject, the new styles are very largely originated by the Schloss designers and later copied by others. The present season is a good illustration. Now that our Fall stock is here, we can show you new advance models that will not be generally offered for at least two or three months.

### THE NEW "HARVARD" SACK

Fashions don't come from London and Paris any more--most of them are brought out at the great universities like Harvard, Yale, Princeton and other famous institutions. Here is one of the best of the new designs for Fall, called the "Harvard" because the model came from there, well shown in the illustration. You'll find it just as correct for business wear in New York or San Francisco as it is on the Harvard campus. This is only one of our "University" Models. Ask to see them. Don't confuse the design with the ordinary "straight fronts" that you may see. The similarity ends there. Little differences of line and shape and proportion, impossible to describe, give the "Harvard" Suit an unusual character and smartness specially brought out by the fine tailoring.

Our Schloss Suits cost from

**\$12.50 to \$25. Others \$5 to \$10**

### It Will Pay You

To see these splendid garments. Not only are you certain of the new style and the right style, but the quality, fit and incomparable workmanship of these garments are thoroughly exclusive characteristics. Furthermore we have very few duplicates and our best will be quickly taken. See them now; we will reserve your selection until later, if you so desire.

### THE MORNING EAGLE

Entered at the Postoffice as second class mail matter.

BY CARNES & WALLACE

BRYAN, TEXAS, SEPTEMBER 30

There may be some advantages in living in New York, but the opportunity to vote for Hearst is not one of them.

The Florida, Alabama and Mississippi gulf coast hurricane proved to be a great disaster, resulting in the loss of life, shipping and property and the destruction of crops, the latter extending far into the interior.

If Bailey and Crane do happen to get together on the stump there will be some interesting reading matter in the papers the next day. They are both there with the goods when it comes to stump speaking.

Hearst is running for governor on two platforms, that of the Independence League, which declares for municipal ownership, and that of New York democracy which declares against it. But what does Hearst care for consistency? Notoriety is his meat and drink.

The practice of shooting when fire alarms are given at night, which was once abated, is on the increase again. This is an unmitigated nuisance fraught with danger and should not be tolerated. Bryan has progressed too far to take any back track in police regulations.

Bryan now has another opportunity to secure the trolley line to College, a stock subscription of \$15,000 being asked. As nearly this amount had already been pledged, the matter is probably closed up before this time and Bryan takes another step forward.

This section of the state is reporting new enterprises everywhere, and Caldwell should get busy and secure some of them also.—Caldwell News-Chronicle.

The Caldwell News-Chronicle, noting the continued improvements at Somerville and the probability that the Beaumont branch of the Santa Fe will be made the main line from the southern states to California, says with all due regard for Caldwell and her prospects, Somerville will be the largest town in that county in another year.

Being six miles from the Brazos river the Navasota Examiner propounds a query to that town regarding what they expect to get out of Brazos navigation, and notes that it will be necessary to have transportation facilities between the river and the town. The Examiner does not say so, but this expense would probably equal any reduction in freight rates which might follow. Bryan is twice as far from the river, and is not likely to have any regular transportation connection for some time, though there has been some talk of a trolley line down to the bottom. Nevertheless Bryan seems to be heartily in sympathy with the movement for navigation because it will benefit this entire section of the state in many ways, not the least of which will be the keeping of the river open and lessening the danger of overflows. As to Bryan putting up anything on the proposition, another point raised by the Examiner with reference to its own town—we doubt if it will be done.

#### FURS! FURS!!

We desire to announce to the ladies that our fall stock of furs are now enroute and we can confidently assure you that we will show the handsomest selections of furs ever displayed in Bryan at a saving of 25 per cent to the purchaser. We will show the latest models in white, grey, brown and black fox fur sets, collars, caps and children's furs. We will appreciate an opportunity to show you our furs before buying. Our prices will range from \$1.00 to \$25.00. Wilson & Edge.

#### THE SELLS-FLOTO SHOWS WILL SOON BE HERE.

An advance announcement says: Now comes the cheerful show press agent with his first aid to the children. The Sells-Floto Shows inaugurate their annual traveling season this year with the most costly, gorgeous and elaborate display ever seen under the enormous canvas.

The Sells-Floto Shows have grown to such magnitude as to necessitate enlargement in every department. And this famous amusement institution is proud of its home, and while en tour is ever a standing reflection of Denver's industry and genius.

The menagerie alone is nearly double its former capacity, for during the winter the old world has been scoured thoroughly for wild animals and strange beasts of every country, and now this attractive and highly educational department is complete in every particular. The cages, vans, chariots and tableaux cars are all new and especially attractive in wondrous architecture, conceded by all show men to be unequalled by any other firm, corporation, company or syndicate.

It has taken many years and several fortunes to place this department on such lavish magnitude, to tickle the fancy and satisfy the mind of the generous public. When witnessing the grand street display from which no revenue is derived—only the gratification to please both young and old children—remember that what follows in the big canvas is more meritorious. In the main tent many new features will surprise and delight the beholder, daring acrobatic acts will fill out a long program, more than enough to satisfy and please the most exacting critic and astonish everyone else. Two performances are given daily, rain or shine.

Coming on Thursday, Oct. 11 to Bryan.

#### COULTER'S SCHAWB CLOTHING

Ranges in price from \$15.00 to \$20.00 and meets the requirements of business men who want to combine style, quality and serviceability with a reasonable price. You will not find better values or more perfect fitting garments.

The Singer Sewing Machines are sold for cash or monthly payments. See T. A. Satterwhite at Mrs. B. Whites's Furniture Store.

**TWENTY-FIVE DROWNED.**  
Pensacola Is Beginning to Realize What She Has Suffered.  
Pensacola, Sept. 29.—The extent of the destruction wrought by the hurricane Thursday is being realized. Twenty-five persons are known to have been drowned.

Only four bodies were recovered up to noon Saturday, workers being unable to reach them.  
Robbers followed on the wake of the hurricane and policemen are on guard. Calls have been made on charity to assist the poor, and everything is being done to relieve the 2,000 homeless.

Santa Rosa quarantine station, across the bay from this city, has been demolished. There were eight seamen in the hospital there from the British steamer. The hospital building was carried away, the eight men clinging to the roof. Five were washed up on this side after a night of terror on the bay and the other three drowned with two nurses. United States quarantine station has been destroyed.

Fort Pickens, one of the modern forts, has been badly damaged. The Fifteenth company of artillery, stationed there, deserted the barracks and the post with their families and sought the batteries, climbing to the highest point and lashing themselves to the guns and projecting pieces.

Fort McRae, on the point opposite Fort Pickens, has been wiped out almost completely.

United States naval station, nine miles from the city, has been greatly damaged.

Nearly 100 pleasure boats and fishing smacks were lost.

**LONG TIME SEPARATION.**  
For First Time In Forty-Four Years Brothers Meet.

Fort Worth, Sept. 29.—After a forty-four years' separation two brothers, John and Henry Millwood, met here Saturday. The two formerly lived at Greenville, Ky., and when the civil war broke out John became a Federal soldier and Henry a Confederate. After the war Henry went to Mexico, where he has since resided. A mutual friend brought the brothers together.

**FORT MORGAN SWEPT.**  
Historic Military Post Hit by the Terrible Hurricane.

Washington, Sept. 29.—The military secretary received the following telegram from Captain Dwyer, commanding at Fort Morgan, at the entrance of Mobile bay: "The post has been swept by a terrific storm, the entire post having been under water. Every building in the post was seriously damaged and some have been destroyed completely, including the pumping station, which furnished the water supply to the ordnance storehouse, the quartermaster's storehouse, two primary stations with instruments, quartermaster's dock and main water tank. No casualties so far as known."

Assistant Secretary Edwards received a telegram from F. M. Rock, engineer in charge of the revenue cutter Alert, dated at Mobile, as follows: "The Alert was sunk at her berth by the river steamer Nellie running into her during the violent easterly gale. Impossible to estimate damages at present."

Nothing has been heard from the revenue cutter Winona or launch Penrose, which were in Mobile harbor at the time of the hurricane.

**GAVE ONE COUGH.**  
Young Lady Dies at Fort Worth Under Unusual Circumstances.

Fort Worth, Sept. 29.—Miss Rose Mahoney, a telephone operator, Friday night retired apparently in the best of health. Saturday morning upon awakening Miss Mahoney gave one cough. A friend went to her bedside and found her dead.

**EDUCATIONAL DAY.**  
Two Thousand Pupils Paraded at Greenville Saturday.

Greenville, Tex., Sept. 29.—Two thousand pupils, including three from Burleson College, paraded Saturday. It was Educational day at the fair and also the last day. There was a large attendance.

**MOBILE LOSES MUCH.**

Alabama City Suffers Great Loss by a Hurricane.

**OVER FOUR MILLIONS**

Is the Estimate in Dollars of the Damage That City Sustained by the Furious Storm Which Raged Many Hours.

Mobile, Sept. 29.—This city has been visited by one of the worst storms ever experienced in its history. While the velocity of the wind did not exceed that of 1903, it was much more at \$4,500,000, and fully 5,000 houses destructive and lasted longer. A conservative estimate of the loss is made have been affected in various ways. Every church in the city has also suffered, though Christ Episcopal church and St. Francis Street Baptist church suffered more than the others. The damage to Christ church is estimated at \$40,000 and St. Francis Street Baptist church at \$10,000.

Mobile's shipping suffered more than anything else. Many of the river boats now are beached or sunk, all complete wrecks. Her docks and those of private corporations are fearfully torn up. The revenue cutter Alert has gone down in Mobile river. She was rammed by some unknown vessel and sank immediately. Her crew is believed to have escaped. The city was put under martial law at dark, and no person allowed to enter the wholesale district. The city authorities were quick to act, and therefore no disturbances of any sort resulted.

The loss of life so far known is one negro baby killed by falling walls and two negro men drowned in the flood. The depth of the water in the wholesale district, which includes the entire business section from Royal street to the river, was seven feet.

Among the steamers sunk are the river steamers J. P. Schus, Mary, Mary E. Staples, Mary S. Blees, Gama, Overton, Hattie B. Moore, City of Camden, tug revenue cutter Alert and hundreds of smaller craft.

Wharves from Frascatt, the extreme south end of the city, as far up the river as Three Mile Creek, are total wrecks. This also includes the new Mobile and Ohio docks and the Louisville and Nashville docks.

Electric light companies, street railway companies and, in fact, all business has been suspended. The Mobile and Ohio was the first road to get out of the city, its train having left Mobile at 4 a. m., Friday. Numerous sawmills located in the northern and marshy districts have either been washed away by the terrific waves or torn to splinters by the wind. Their lumber and timbers are to be seen scattered over the entire city and floating slowly down the slowly falling river.

The steamer James A. Carney, plying between Mobile and the Eastern shore, lies beached just across the river. Its sides are jammed in and its upper structure blown away.

In the city many people and much livestock were rescued by heroic efforts. Such cases are numerous. Provisions ran low. Restaurants feed many, but have no supplies on hand. Ham and eggs constitute their food supply. Wholesale houses lost many thousands of dollars from flood, and willingly paid as high as \$1.50 an hour for common labor, and earnestly they begged men to accept such prices, so frantic were they in their efforts to save their goods. Even at these figures few men, white or black, would accept work.

Words cannot fully describe the storm. During the hours between 6 p. m., Thursday, and noon Friday, trees fell, roofs crashed by the hundreds. Through the streets, carried by the terrific wind, were hurled thousands of pieces of slate and tin roofing, cornices, shingles, and in fact all kinds of debris. The railroads have started wreckers out to clean up and repair tracks. Many people are seriously injured and cut by the flying slate and tin.

The office of the Western Union Telegraph company was six feet under water. Its batteries were flooded with water. The Postal Telegraph and Cable company's building, while not quite as low lying, also suffered severely. The new Cawther hotel, just completed, and the Bienville hotel are damaged to the extent of \$5,000 each. The Windsor hotel, \$5,000; St. Andrews, \$3,000; the Southern, \$3,000.

The Southern Supply company estimates its loss at \$100,000.

**STEVENSON TO HEARST.**  
"Your Friends Are Confident of Your Triumphant Election."

New York, Sept. 29.—The American prints the following telegram received by Representative Hearst: "Bloomington, Ill., Sept. 28.—Hon. W. R. Hearst, New York: Please accept my earnest congratulations upon your nomination. Your friends are confident of your triumphant election."  
"ADLAI E. STEVENSON."

**Hyland Gets Decision.**  
San Francisco, Sept. 29.—Dick Hyland of San Francisco won a clear-cut decision over Eddie Hanlon Friday night at the Seaside Athletic club. Referee Jack Welch stopped the contest at the end of the thirteenth round with Hanlon laming helplessly against the ropes and unable to defend himself against Hyland's punches.

**Bride's Family Objected.**  
Washington, Sept. 29.—Owing to objections on the part of the bride's people, Elizabeth Foster, a negro girl of Cincinnati, and Isaac B. Williams, a white man of Columbus, O., were married here in a negro Baptist church.

**WORSE AND WORSE.**

Nearly One Hundred Lives are Believed to Have Been Lost.

Mobile, Sept. 29.—Between 75 and 100 lives were lost, fully two score of vessels driven ashore or wrecked in various parts of the Gulf of Mexico by this storm which swept over this section. Some contend every building has been damaged.

The fatalities were in a radius of fifty miles of this city.

From a small place called Hurricane, down almost to Mobile the tracks of the Louisville and Nashville are washed out in places, and where the roadbed was exposed to the full fury of the storm, logs and debris carried in by the waves are piled high, in some places to a depth of ten feet. The road put 2,000 men to work on its line. Several miles of track are gone between Mobile and the west.

The storm, which was first noticed by the weather bureau when between Jamaica and Cuba, made its appearance in the neighborhood of Mobile on Tuesday afternoon, when fitful winds from the north began to blow and the barometer began to fall. The wind rose steadily all through Wednesday, and between 2 o'clock and 6 in the afternoon of that day blew at forty-five miles an hour. All Wednesday night it rose steadily, and at 7:15 on Thursday morning it reached its greatest speed, blowing from an easterly quarter at the rate of fifty-five miles an hour, the barometer falling to 28.86. A few minutes after 8 o'clock Thursday morning the wind decreased and the barometer began to rise. The total rainfall in the city of New Orleans during the storm was 6.53 inches. While the storm was at its height the water from the bay was driven in with great force upon the city, the waves covering the wharves six feet.

Six blocks up into the heart of the city the flood was driven, filling every basement and store in that section of the city. At Commerce street, which is the first thoroughfare away from the docks, the water rose in the stores to the height of five and a half feet. The marks on the buildings on Water street, which is next to Commerce, show a depth of four and a half feet.

**FLORISTS LOST.**  
Hothouses, Plants and Flowers For Blocks Were Strewn.

Mobile, Sept. 29.—The florists of Mobile lost heavily. Their hothouses, plants and flowers were strewn along the streets for blocks.

The roof of the Mobile Medical college was blown off. The college had a valuable collection of relics and curious valuables, which was damaged considerably.

St. Paul's colored Methodist church was blown to the ground.

Much cotton floated down streets.

The loss is total to the Girls' Creole school in Conti street.

The court house presents a very wrecked appearance. The clock located in its tower was blown completely out by the wind, and nothing of it remains.

The union depot, situated at the foot of Government street, which caught fire several days since, is damaged considerably. Its windows are burst out and cornices and shingles removed. The water came up so rapidly when once it began to rise, that the railroad employees were unable to remove the numerous trunks placed that were placed there for transportation to other cities and towns. Some were saved, others were seen floating down toward the bay. One jewelry drummer was notably frantic. His trunk, which he said contained over \$3,000 worth of jewelry samples, was among the collection. He notified the railroad people, who quickly placed it in a safe place and put two men to guard it. It is needless to say he was much relieved when he found it safe.

An aged negro man discovered an old "black mammy" in imminent danger of death by drowning. Hearing her appeals for help, he quickly ran into as hop where he was employed and, seizing an unusually large tub he placed her into it and landed her safely on dry land.

**SCHOONERS WRECKED.**

Twenty-Five Observed Between New Orleans and Pascagoula.

New Orleans, Sept. 29.—About twenty-five wrecked or sunken schooners on the gulf coast between here and West Pascagoula, Miss., were observed from a Louisville and Nashville engine on an inspection tour.

At McNeill, Miss., J. M. Roberts was killed by a falling tree, and at McComb three persons were severely injured by the falling of the coping of a hotel.

Captain J. D. Sears, commanding the Eighth lighthouse district, returned from a trip down the Mississippi river, which he made during the storm. He said that at places as far as the eye could reach the land was under the tide water, but that he had been unable to learn of any loss of life.

**GROUND BROKEN.**

First Step Taken For Home For Deserving Old Ladies.

Austin, Sept. 29.—With appropriate ceremonies the ground was broken Friday afternoon for the home in Hyde park, a suburb, for wives and widows of Confederate veterans. Hon. O. B. Colquitt delivered the address of welcome, to which Mrs. Dibrell, president of the Texas division of Daughters of the Confederacy, responded. General W. L. Cabell made an address, eulogizing Confederate women. Superintendent Chenoweth of the Confederate home also spoke. Mrs. Dibrell of Brenham read the poem, "The Confederate Woman."

Financial statement showed there is just money sufficient to start the building.

**Cane Crop Damaged.**  
New Orleans, Sept. 29.—The cane crop was badly damaged by the present storm.
